About Me

Motivated undergraduate software engineering student at IJSE – Institute of Software Engineering, with hands-on experience in full-stack web development, RESTful APIs, and data-driven applications. Proficient in Java, Spring Boot, the MERN stack, and SQL/NoSQL databases. Strong problem-solving skills, collaborative teamwork, and adaptive learning abilities. Seeking a software engineering internship to apply technical knowledge in real-world projects and gain practical industry experience.

Education

Graduate Diploma in Software Engineering

Institute of Software Engineering (IJSE), Galle 2023 -Present

- Java Fundamentals
- Java Programming
- MySQL
- HTML/CSS/JS
- Bootstrap
- Hibernate
- Spring Boot
- MERN Stack
- Python

Graphic Design Course

Technical College - Beliatta

2023

- Photoshop
- Illustrator

C Programming Course

SITEC - Matara

2022-2023

- Fundamentals
- Data Types
- Variables
- Operators
- Inputs & Outputs
- Selections & Loops
- Arrays & Pointers
- Data Structure

G.C.E. Advance Level 2018-Common Stream

MR/Methodist Central College - Hakmana

2021

Combined Maths	C
Physics	C
ICT	C

Projects

Agency Stock Management System

Java FX

A Java-based standalone application developed as part of the undergraduate curriculum at IJSE – Institute of Software Engineering. The project demonstrates core Java concepts, object-oriented programming, and application logic in a practical, real-world scenario.

Image Background Remover

HTML,CSS,JS

A web-based tool built with HTML, CSS, and JavaScript that allows users to remove or replace the background of images quickly and easily. Features a simple, intuitive interface for seamless image editing directly in the browser.

{} Programming Skills

- Java ● ● ● ● ○
- JavaScript ● ● ● ○ ○
- HTML ● ● ● ● ○
- CSS ● ● ● ● ○
- Python ● ● ● ○ ○

🎯 Following

- Spring Boot
- React JS
- Node JS
- MySQL

⭐ SOFT SKILLS

- Leadership and Teamwork
- Management skills
- Problem solving
- Collaboration
- Time management

ClearStock-Image upload,download & remove bg

Spring Boot (Advanced API Development)

A full-stack web application built with Spring Boot and secured using JWT authentication. Allows users to upload images & wallpapers, download them and remove background of images through a secure and user-friendly interface.

Smart Parking Management System Backend

Spring Boot

A backend system built with Spring Boot and secured using JWT authentication. Manages parking operations, vehicle registrations, user management, providing a scalable and secure foundation for a smart parking solution.

Eventify- Online Event Ticket Booking Portal

MERN Stack

A full-stack web application built with the MERN stack and secured using JWT authentication. Allows users to browse events, book tickets, and make payments online, while organizers can manage events and track bookings through a seamless and secure interface.

Hotel Site

Bootstrap

A responsive and visually appealing hotel website frontend built using Bootstrap. Showcases rooms, services, and amenities with a clean, user-friendly interface optimized for various devices.
